

**ORDER FORM**  
**RECOMMENDED WARNING MESSAGES**  
**GENERAL LABELING AND MARKING & SHIPPING AND PACKAGING**  
**INFORMATION FOR NORTH AMERICA (NAFTA COUNTRIES)**

A comprehensive manual providing information on hazards warnings for lead acid batteries. The Manual contains **78** pages of recommended warnings messages by size, type and style, general labeling and marking requirements for both recycling and Proposition 65. In addition, the packaging and shipping section includes bill of lading, shipping and placard requirements as well as packaging options. A lengthy appendix includes recommendations for precautionary labeling for lead acid batteries, labeling requirements, prominence placement and conspicuousness, and substances requiring packaging. The CD ROM version allows companies to copy the North American Warnings (written in French, Spanish and English) to other software in order to create your own labeling and signage.
